Wrap a tape measure around your hand at the widest point (usually the knuckles) and make a loose fist. Note that measurement, round it to the nearest inch and refer to the chart above to find your approximate glove size.

BDU Sizing Information

BDU sizing is done to allow one size to fit a range of waist sizes. If you are at the extreme upper end of a size range you may want to go up one size to allow room in the hips and thighs for movement. The sizing tabs on the sides of the pants allow the wearer to tighten up the pants which are held in place by your belt.
